Chief Emily Whetung
Curve Lake First Nation

Re: **Vaughan Transportation Plan
Municipal Class EA – Master Plan**

Dear Chief Whetung,

The City of Vaughan (City) is updating the 2012 Vaughan Transportation Master Plan and creating a new Vaughan Transportation Plan (VTP). The City has retained HDR to complete this new Transportation Plan in accordance with the Municipal Engineers Association's Municipal Class Environmental Assessment process (MCEA, October 2000, as amended in 2007, 2011 and 2015), Phases I and II. The VTP was initiated in June 2019 with a formal Notice of Commencement released in November 2019 which has been provided as Attachment 1.

The Vaughan Transportation Plan is a strategic study that will identify transportation needs and solutions to accommodate growth and intensification up to 2051. A key aim of the plan is to help residents drive less and consider alternative transportation options.

Consultation Activities undertaken included a number of activities and events. An introductory Open House (Public Open House #1) was held in the Fall 2021 to review the Problem and Opportunity Statement, Goals for the Study, Alternative Solutions considered and Evaluation Criteria to determine the recommended alternative solution. The consultation was held virtually with an online Open House from November 18 to December 9, 2021, and a live virtual presentation and discussion held on November 23, 2021. Materials from Public Open House #1 are posted online to view at www.vaughan.ca/TransportationPlan. These include a recording of the presentation and public feedback report.

Notification and Invitation for Public Open House #2 – April 2022

Open House #2 is being held to share the proposed plans for the future and to receive feedback. The Open House will provide information on the recommended future transportation network solution, the draft implementation plan and proposed policy directions. There will be two (2) opportunities to participate:

- 1) Reviewing the plans at the Online Open House. An online, self-guided Public Open House is available until April 29, 2022. Feedback can be provided through response to online feedback questions within the online meeting.
 - Time: Tuesday, April 5, 2022 to Friday, April 29, 2022.
 - Link: <https://vaughantransportationplan.ca/>
- 2) Joining a Live Virtual Presentation and Discussion. An overview of the plan and the work completed to date will be provided by the city and questions will be responded to. A recording of the presentation will be made available online for individuals who cannot attend.

- Time: Tuesday, April 19th, 2022, starting at 7 p.m.
- Registration Link:
<https://meethdr.webex.com/meethdr/j.php?RGID=r7a9d22249cdf4df6fba7a911c04a515e>

Comments can also be emailed directly to transportationplan@vaughan.ca. Information is being collected under the Environmental Assessment Act, in accordance with the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment. With the exception of personal information, all comments will become part of the public record.

If you have any questions or require additional information, please contact either of the following project team members, who would be pleased to discuss the project. Please contact Christopher Tam, Transportation Project Manager at Christopher.Tam@vaughan.ca or at 905-832-8585 ext. 8702, or Selma Hubjer, Acting Director of Infrastructure Planning and Corporate Asset Management at Selma.Hubjer@vaughan.ca or at 905-832-8585 ext. 8674.

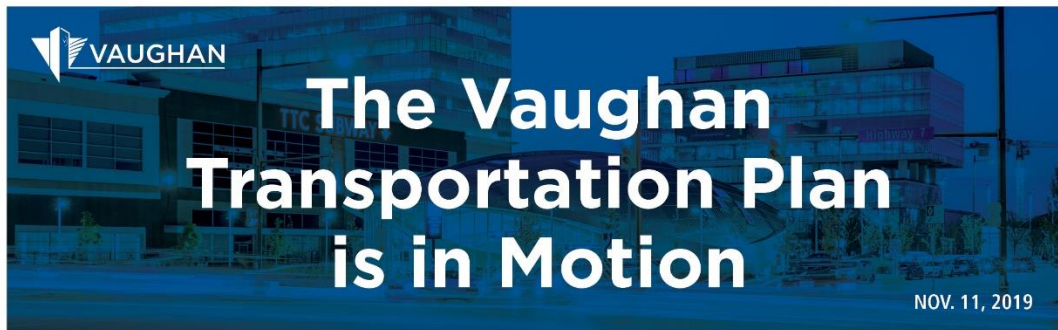

Sincerely,

Selma Hubjer, P.Eng.
Acting Director, Infrastructure Planning and Corporate Asset Management

Notice of Study Commencement

TRANSFORMING TRANSPORTATION

The City of Vaughan is developing a new Transportation Plan. The City's **first plan** was completed in 2012 and since then, so much has changed with respect to traffic and transportation.

Vaughan is a dynamic city that is growing quickly. This means more people will need more options to get around. The new plan will identify and highlight projects to meet the needs of residents, businesses and visitors as Vaughan grows for the next 20 years, including innovative, accessible and functional transportation options.

This project is being conducted in accordance with the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment, which is an approved process under the Environmental Assessment Act. Information is being collected under the Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will become part of the public record. This notice was first issued Nov. 11, 2019.

JOIN THE MOVEMENT!

The City of Vaughan retained HDR and Cumming+Company to undertake a study to review and assess transportation requirements in Vaughan. The study is underway and the community is invited to participate in the process and provide input. Collecting public feedback is vital to the success of the study. **What is your preferred way to travel? Would you travel differently if you had more choices?** This is your Vaughan and we value your insight.

We want to inspire minds and transform the way people think about their transportation choices. Several opportunities to provide input will be offered, including an online survey and pop-ups coming to an event near you. For more information and to receive updates about the Vaughan Transportation Plan, visit vaughan.ca/TransportationPlan or send an email to TransportationPlan@vaughan.ca to be added to our mailing list.

Notice of Final Virtual Public Open House

Since 2019, the City of Vaughan has been working with citizens to learn about transportation priorities for those who live, work and play in Vaughan. Now, the City is ready to share proposed plans for the future Vaughan Transportation Plan.

How can the City help you drive less and consider alternative transportation options?

Share your ideas about what future programs and infrastructure should be prioritized.

Get involved by:

- **reviewing the plans online.**

An online, self-guided Public Open House is available until Friday, April 29. View the recommended future transportation network solution, the draft implementation plan and proposed policy directions. Provide feedback directly to the project team by participating in an online survey.

- **joining a live virtual presentation and discussion.**

On Tuesday, April 19 at 7 p.m. Attend to hear an overview of the plan and work completed to date and ask questions directly to the project team. A recording of the presentation will be made available online for individuals who cannot attend.

Get moving at vaughan.ca/TransportationPlan.

For questions related to the Vaughan Transportation Plan, email TransportationPlan@vaughan.ca.
THIS NOTICE WAS FIRST ISSUED APRIL 7, 2022.

Vaughan's Transportation Plan needs your input – join the movement!

Notice of Final Virtual Public Open House

Since 2019, the City of Vaughan has been working with citizens to learn about transportation priorities for those who live, work and play in Vaughan. Now, the City is ready to share proposed plans for the future Vaughan Transportation Plan.

How can the City help you drive less and consider alternative transportation options?

Share your ideas about what future programs and infrastructure should be prioritized.

Get involved by:

- **reviewing the plans online.**

An online, self-guided Public Open House is available until Friday, April 29. View the recommended future transportation network solution, the draft implementation plan and proposed policy directions. Provide feedback directly to the project team by participating in an online survey.

- **joining a live virtual presentation and discussion.**

On Tuesday, April 19 at 7 p.m. Attend to hear an overview of the plan and work completed to date and ask questions directly to the project team. A recording of the presentation will be made available online for individuals who cannot attend.

Get moving at vaughan.ca/TransportationPlan.

For questions related to the Vaughan Transportation Plan, email TransportationPlan@vaughan.ca.
THIS NOTICE WAS FIRST ISSUED APRIL 7, 2022.

Chen, Peter

Mississaugas of Scugog Island First Nation

Re: **Vaughan Transportation Plan
Municipal Class EA – Master Plan**

Dear Chief LaRocca,

The City of Vaughan (City) is updating the 2012 Vaughan Transportation Master Plan and creating a new Vaughan Transportation Plan (VTP). The City has retained HDR to complete this new Transportation Plan in accordance with the Municipal Engineers Association's Municipal Class Environmental Assessment process (MCEA, October 2000, as amended in 2007, 2011 and 2015), Phases I and II. The VTP was initiated in June 2019 with a formal Notice of Commencement released in November 2019 which has been provided as Attachment 1.

The Vaughan Transportation Plan is a strategic study that will identify transportation needs and solutions to accommodate growth and intensification up to 2051. A key aim of the plan is to help residents drive less and consider alternative transportation options.

Consultation Activities undertaken included a number of activities and events. An introductory Open House (Public Open House #1) was held in the Fall 2021 to review the Problem and Opportunity Statement, Goals for the Study, Alternative Solutions considered and Evaluation Criteria to determine the recommended alternative solution. The consultation was held virtually with an online Open House from November 18 to December 9, 2021, and a live virtual presentation and discussion held on November 23, 2021. Materials from Public Open House #1 are posted online to view at www.vaughan.ca/TransportationPlan. These include a recording of the presentation and public feedback report.

Notification and Invitation for Public Open House #2 – April 2022

Open House #2 is being held to share the proposed plans for the future and to receive feedback. The Open House will provide information on the recommended future transportation network solution, the draft implementation plan and proposed policy directions. There will be two (2) opportunities to participate:

- 1) Reviewing the plans at the Online Open House. An online, self-guided Public Open House is available until April 29, 2022. Feedback can be provided through response to online feedback questions within the online meeting.
 - Time: Tuesday, April 5, 2022 to Friday, April 29, 2022.
 - Link: <https://vaughantransportationplan.ca/>
- 2) Joining a Live Virtual Presentation and Discussion. An overview of the plan and the work completed to date will be provided by the city and questions will be responded to. A recording of the presentation will be made available online for individuals who cannot attend.

- Time: Tuesday, April 19th, 2022, starting at 7 p.m.
- Registration Link:
<https://meethdr.webex.com/meethdr/j.php?RGID=r7a9d22249cdf4df6fba7a911c04a515e>

Comments can also be emailed directly to transportationplan@vaughan.ca. Information is being collected under the Environmental Assessment Act, in accordance with the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment. With the exception of personal information, all comments will become part of the public record.

If you have any questions or require additional information, please contact either of the following project team members, who would be pleased to discuss the project. Please contact Christopher Tam, Transportation Project Manager at Christopher.Tam@vaughan.ca or at 905-832-8585 ext. 8702, or Selma Hubjer, Acting Director of Infrastructure Planning and Corporate Asset Management at Selma.Hubjer@vaughan.ca or at 905-832-8585 ext. 8674.

Sincerely,

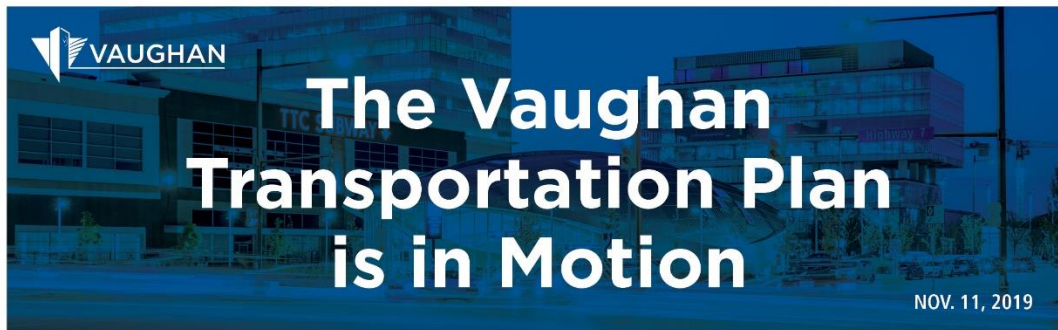

Selma Hubjer, P.Eng.
Acting Director, Infrastructure Planning and Corporate Asset Management

TRANSFORMING TRANSPORTATION

The City of Vaughan is developing a new Transportation Plan. The City's **first plan** was completed in 2012 and since then, so much has changed with respect to traffic and transportation.

Vaughan is a dynamic city that is growing quickly. This means more people will need more options to get around. The new plan will identify and highlight projects to meet the needs of residents, businesses and visitors as Vaughan grows for the next 20 years, including innovative, accessible and functional transportation options.

This project is being conducted in accordance with the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment, which is an approved process under the Environmental Assessment Act. Information is being collected under the Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will become part of the public record. This notice was first issued Nov. 11, 2019.

JOIN THE MOVEMENT!

The City of Vaughan retained HDR and Cumming+Company to undertake a study to review and assess transportation requirements in Vaughan. The study is underway and the community is invited to participate in the process and provide input. Collecting public feedback is vital to the success of the study. **What is your preferred way to travel? Would you travel differently if you had more choices?** This is your Vaughan and we value your insight.

We want to inspire minds and transform the way people think about their transportation choices. Several opportunities to provide input will be offered, including an online survey and pop-ups coming to an event near you. For more information and to receive updates about the Vaughan Transportation Plan, visit vaughan.ca/TransportationPlan or send an email to TransportationPlan@vaughan.ca to be added to our mailing list.
