

## **CALL BEFORE YOU DIG**

The City of Vaughan would like to remind all residents and contractors excavating on City property to call for locates before you start digging.

The City's Public Works Department is responsible for locating the watermains, sanitary and storm sewers. A call to Ontario One Call will take care of the streetlights, traffic signals and other utilities.

## **BETTER TO BE SAFE THAN SORRY**

If you are not sure as to where the City property line is, call for locates anyways.

City of Vaughan Public Works: 905-832-8562 – Water, Sanitary and Storm  
Ontario One Call: 1-800-400-2255 – Streetlights, Traffic Signals and others.
