**BATHURST CLARK RESOURCE LIBRARY**

**900 Clark Avenue West, Thornhill**

(Located just West of Bathurst Street on the North side)

The City of Vaughan Policy Planning Department and the consulting team led by Young and Wright/IBI Group Architects Inc., is currently undertaking a study to determine an urban design and land use framework for the west side of Yonge Street, from Steeles Avenue to Highway 407 (excluding the Thornhill Heritage Conservation District) and the north side of Steeles Avenue, from Yonge Street to west of Hilda Avenue.

The purpose of the design charrette is to give an opportunity for the general public and interested parties to provide comments and feedback in a creative, consensus building and participatory process to help create the final vision for the study area. Public input is vital to the success and we encourage you to come out and take part.
